

# After School Enrichment Programs At St. Bartholomew Elementary School

**Mad Science of West New Jersey**  
For more information, please call:  
**609-737-0313**

Mad Science and NASA have teamed up to bring you the excitement and wonder of space in this new voyage of discovery. See the principles of thrust and propulsion at work in a real rocket launch. Explore the atmosphere on earth and beyond. Watch stardust burn, and journey through a galaxy as you investigate the life cycle of stars. Explore the farthest reaches of our solar system, create a lunar eclipse in the "mad" planetary tour, probe the mysteries of meteors and bounce around satellite light as you learn about space phenomena. Experience the life of an astronaut as you suit up for a space flight and then perform spacecraft repairs. This is an experience that is truly out of this world!

*Each child will receive a take home summary sheet and take home project at the end of each class.*
