

School Food Service Information 2017-2018 School Year

St. Bartholomew

The School Day Just Got Healthier!

Maschio's is committed to making a nutritious difference in your school. Your child will be satisfied with nutrient-dense, "right-sized" meals that include more fruits, vegetables, and whole grain-rich options. Some highly active students, like athletes, may need more calories. Schools may offer second helpings of food components a-la-carte, including fruits, vegetables and lean proteins.

Good lifelong habits can be learned by making healthy food choices and engaging in proper physical activity. Encourage your students to try new foods and choose the healthy options offered at lunch. Set them up for a lifetime of health by implementing nutritious eating at home and encouraging an active lifestyle.
