

## Mad Science After School Program St. Bartholomew School

### Cosmic Safari Chronicles

Preschoolers will learn about helpful insects and make bug buddies to take home! We will visit the moon, collect moon rocks and go on a moon walk like real astronauts. Junior mad scientists will examine bird nests and eggs and learn why bird beaks all look a little different. We will dive into the ocean and learn about all who live in this watery wonderland and create a little beach to bring home. Finally, we will explore the states of matter with Dry Ice demos and playing with Dry Ice bubbles!

#### Weekly Sessions

Ages	Day	Time	Start Date	End Date	Skip Date
