Future Engineers (ages 8-12)

If you like to create and build things, this program is for you! Enjoy an adventure of physics, gravity, and action and take home your very own engineering kit! Through 26 model-building exercises, you'll investigate all six classic simple machines — wheels and axles, levers, pulleys, inclined planes, screws, and wedges — as well as gears. Students will follow easy step-by-step illustrated instructions to build each model, which includes a balance scale, elevator, and geared carousel! Test your new creations to demonstrate basic laws of physics and how they exist in our everyday lives! Young researchers will gain hands-on experience with the design process and learn about various topics in the fascinating world of engineering. Come obtain the necessary skills and experience to take on the technological challenges of the future and continue your engineering journey at home!

Minds in Motion LLC is dedicated to providing the highest quality programs to inspire and educate elementary school aged children in a fun, interesting, and hands-on approach. Our goal is to have a healthy and successful company that is a leader in providing children with camps.

Director, German Galindo - twenty seven years experience running science programs for kids nation wide!
201-486-3310, mindsinmotion@yahoo.com. Mindsinmotionllc.com

Dates: Five Tuesdays, 4/21 thru 5/19
Time: 2pm-3pm
Fee: \$145.00
Location: St. Bartholomew's School
470 Ryder's Ln. East Brunswick, NJ 08816
