

SwiftK12 – Parent/Guardian Notification System

We have implemented a school notification system called SwiftK12, a service of SwiftReach, A Rave Mobile Safety Company. This notification system is loaded with features that will make it easier for us to keep in contact with your family. SwiftK12 is integrated with PowerSchool. Until the PowerSchool Parent Portal is reopened in September, if we send a message to you it will be sent to the phone numbers you listed on the **Family Emergency Form** under *Mother/Guardian* and *Father/Guardian* and to the email listed under *Mother/Guardian* unless you specified a different email address to the office. Once the PowerSchool Parent Portal is accessible in September, you will receive instructions on how to guarantee the messaging system is used efficiently, and will be asked to confirm your contact information is accurate and up-to-date. You will have the options to add additional contacts and specify the type(s) of message(s) for each recipient. Please continue to contact the school office if any changes and/or additions to your address, phone numbers, emergency contacts, or emails are necessary.

SwiftK12 allows our school to send messages using email, voice, and text messaging. Voice calls will be sent with the school phone number (732-254-7105) as the caller ID number. You may want to add this phone number to your address book to help you recognize incoming calls from the school easily.

More information will be provided shortly. If you have any questions in the interim, please contact the school office. We hope you appreciate this new school notification system and the flexibility it will provide for you as a St. Bartholomew School parent/guardian.
